September 2010

~ INVITATION TO SEMINAR ~

on Veteran's Benefits at Evergreen Estates

Date: September 9, 2010 • Time: 1:00PM

Place: Evergreen Estates Community Room

Residents, families and the public are invited to a presentation by Daniel Tooth.

Volunteer Appreciation...

George and Maggie Urban volunteer once a month to share in morning devotions. They are active members of Calvary Monument Bible Church where George is visitation associate. George frequently closes his mediation with the two of them singing a duet.

We appreciate their ministry at Evergreen.

Resident Spotlight: John Boyer

John was born in White Oak, northern Lancaster County, near Manheim.

He attended a one room school house along with his younger sister. For several years, from the age of five,

John lived with his grandparents due to the separation of his parents. When his father remarried he came to Lancaster to live with his father and step mother.

During the Korean War, John served three years in the Marines as a Corporal. Among the countries to which he traveled were Panama, Korea, Puerto Rica, Cuba and Trinidad.

John grew up on South Ann Street, Lancaster. He lived down the block from Dorothy, who later became his wife. John and Dorothy were privileged to enjoy 56 years together and raised two sons; John Jr. and Jeffrey. They have five grandchildren and one great grandson. Both sons are college graduates; John from F&M and Jeff from LaSalle.

Both John Jr. and Jeff are eagle scouts. John Jr. works for World Vision collecting money for African's to drill wells. Jeffrey is an insurance agent. Dorothy passed away five months ago from a massive stroke.

John worked 35 years for Alcoa and then as a Lancaster County weights and measurement inspector. He inspected pumps at gas stations and scales at stores all over the county. John said, "If a reading was inaccurate, the owner was given 30 days to readjust before a penalty."

John was a Knight of Columbus, 4th Degree, and faithfully navigated for two years. He was commander of the Under Guard for seven years. John is proud to show the plaques in his room in honor of this position. There is an on-going award in John's honor named the J.C. Boyer Award, which is given to the man that attends the most under guards of the year.

As John reflected on life, a wonderful memory is the 25th anniversary trip he and Dorothy

took to the Hawaiian Islands. They enjoyed the northern island the most.

John had a woodworking hobby shop at his home where he made doll furniture. He enjoyed leather work and making candles for his wife to burn. He continues to enjoy following the Philadelphia Phillies baseball team. John coached little league baseball when his sons were playing. At the time his son John Jr. played on the F&M basketball team, he attended many of the games. John was also a bowler having a 170 average at the time he quit due to arthritis.

A long time friend of the Schober family, John said, "I knew the Schober family since Bob was in Kindergarten and they are a fine family. Bob and Jeff went to school together. I love living at Evergreen, the wonderful home Bob and Kathy own and operate."

Butterflies Aflutter...

Above, Tillie Strite, Betty Clark and Janice Fisher (right) enjoy making a butterfly craft.

Staff Spotlight: Geri Curtis

Geri is a part time laundry employee who works mostly week ends at Evergreen Estates.

She said, "I enjoy talking to the residents and relating to the caring and nice staff who work here."

Geri grew up on City Mill Road just behind Evergreen. At that time the Evergreen Estates property was a greenhouse. She went to Burrows Elementary School, Wheatland Middle School and graduated from JP McCaskey High School.

The oldest of six children, Geri was raised by her mother. She said they didn't have a lot of money so her mother would try to find adventurous things for the family to do with little cost. Geri has fond memories of hiking and camping in the backyard. They would roast hot dogs and marshmallows over a campfire and have a great time being together.

Geri had her own cleaning business for many years and also helped her husband in his handyman business. She has been married for 35 years to her husband, Bill. They have two wonderful sons and daughter-in-laws plus two granddaughters and one grandson. The family is looking forward to another granddaughter the beginning of November.

In her free time, Geri enjoys reading murder mysteries and going fishing with her husband.
